(RELOCATION DIVISION)

Attention

**Allottees of Industrial plots/Flatted factories
under the scheme of relocation of industries**

**Extension of time for making balance payment
upto 31.03.2016 with interest**

Inspite of various extensions of time given in the past, it has been found that many allottees of plots at Bawana/Bawana-II(Bhorgarh)/Narela & Flatted factories at Jhilmil have not come forward for making full payment or interest amount on late payments towards the cost of their plots/FFs.

Now, on the further requests and representations of such allottees and industrial associations of Bawana, Narela, Bawana-II (Bhorgarh) Industrial complexes, DSIIDC in line of its helping endeavours once again extends the last date for payment of balance cost of plot/ flatted factories or interest part thereof under the relocation scheme up to **31.03.2016** in those cases where the allottees couldn't deposit the balance cost earlier with interest till extended deadlines. However, this extension shall not be applicable to the allotments made in the year 2000 at Bawana who in compliance to the directions of Hon'ble Supreme Court of India couldn't deposit the initial 50% cost in case of Bawana plots or 100% cost in case of Narela plots up to 31.03.2001.

Further, this extension will also be applicable in cases of allotments made after the year 2000 where the allottees failed to deposit the full cost or pending portion of interest in the past as per the extended deadlines. It is in continuation to the previous extensions and is being displayed for information of all concerned on DSIIDC website www.dsiidc.org in addition to the individual intimation being sent to the defaulter allottees as per the list.

Please note that this is the last opportunity being given to the defaulter allottees for making the balance payment with interest failing which their existing allotments and eligibilities under the scheme shall be treated as cancelled without further notice or correspondence to them in this regard.
